Looking Back & Looking Forward

We are celebrating our 31st anniversary this month...and looking back on 2018. What a year it has been!

Our founder, the legendary fundraiser Mrs. Leonard "Be" Haas, built our firm over many years, establishing a substantial base in the fundraising community, especially here in Atlanta. We honor her today as we continue to build partnerships with nonprofits that are transforming lives across the country, despite the ups and downs 2018 brought to the industry.

Even before New Year's Day, 2018 was set up to be an interesting year for nonprofits, especially with the pending implementation of significant tax law changes including the increase in the standard deduction and anticipated 'gift bundling' that may result.

Our team of industry-leading experts remained steadfast as we planned and executed campaigns with goals over \$2.5 billion this year. In 2018, we partnered with over 70 organizations in 21 states providing a plethora of fundraising services. We met with more than 260 philanthropists in our campaign strategy study interviews to evaluate their potential support for client projects.

Suffice it to say that we have kept busy...as have our clients. Twenty-nineteen could prove to have its own challenges, and we are here to provide results-driven guidance that your development team might need.

[Here's to another robust year of philanthropy in 2019!](#)
